

Dear Councilman Bonin,

The Neighborhood Council of Westchester/Playa recently passed a motion to request that your office prepare regular email planning bulletins that compile current land use issues, including citywide policy issues, current hearing dates, and details about Westside developments being considered by the City for regular distribution to all CD 11 Neighborhood Councils.

This motion was originated by the Westside Regional Alliance of Councils (WRAC) and is for the benefit of your entire district. Having a succinct recap of these matters would have a significant positive impact for your NC's. Planning issues are of utmost important and I know that your office is always monitoring them very closely. Hopefully your staff is already preparing something that covers these matters that can be shared with the CD 11 Neighborhood/Community Councils.

Thank you in advance for your assistance.

Regards,

Cyndi Hench
NCWP President
