Current Mission Statement of Community Services Committee

Mission: The mission of the Community Services Committee (CSC) is to link local volunteers with Neighborhood Council committees, non-profits and schools who need experience, enthusiasm and sweat-equity to support their efforts. Oftentimes, people in our community want to help, but do not know how. The CSC will provide the link to volunteer opportunities in our local area, as well as ensure that region-wide events (e.g. Mayor’s Day of Service) have an active presence in Westchester/Playa. The CSC will promote the outreach efforts of the Neighborhood Council, while also supporting the invaluable work of local schools and organizations, which are making a difference in the quality-of-life in our community.

Goals: As our newest committee, the CSC will be meeting to develop goals. Come join us at the meetings of the new CSC and help to create the priorities and vision.
