RECOMMENDATION: That the Neighborhood Council Westchester / Playa oppose street closures for pedestrian and recreational use, “Slow Streets”, in the Neighborhood Council Westchester / Playa footprint.

BACKGROUND/DISCUSSION:

Bike paths and beaches are adjacent to our community and are the appropriate place for bikes and pedestrians. They need to be opened. We should be opening up our local parks, tennis courts, beach bike paths - that is where the recreation should occur. These are public streets and streets were built for cars.

FISCAL ANALYSIS: Unknown
